PROFESSIONAL SUMMARY

Computer Science and Engineering undergraduate with hands-on experience in full-stack web development using React, Node.js, Express.js, MongoDB Supabase, PostgreSQL, and modern frontend technologies. Experienced in building production-ready, database-driven web applications, developing responsive user interfaces, integrating REST APIs, and deploying scalable solutions. Passionate about software engineering, problem-solving, and creating impactful applications through clean, maintainable code.

EDUCATION

Geeta University

Bachelor of Technology in Computer Science

Panipat, Haryana

2023 – 2027

Springdale Public School

Intermediate

Ismailabad, Haryana

2022 – 2023

INTERNSHIP EXPERIENCE

Web Development Intern — TalentGro Global Pvt. Ltd.

June 2026 – July 2026

Tools/Languages: React, Tailwind CSS, JavaScript, Git, GitHub, Supabase, Antigravity, Cursor

- Developed responsive and user-friendly web interfaces using React and Tailwind CSS.
- Built reusable UI components to improve maintainability and development efficiency.
- Integrated frontend applications with backend APIs and authentication systems.
- Collaborated with developers using Git and GitHub workflows in a real-world project environment

DSA Internship Training — Geeta University

June 2025 – July 2025

Tools/Languages: C++, VS Code

- Completed structured internship training in Data Structures and Algorithms.
- Practiced core DSA topics including arrays, strings, recursion, searching, sorting, and basic problem-solving.
- Strengthened algorithmic thinking and coding efficiency through hands-on practice.

PROJECTS

Disha For India | React, Vite, Tailwind CSS, Node.js, Express.js, Supabase, PostgreSQL

Ongoing

- Contributed to NGO platform with responsive Public Website and Admin/Volunteer Dashboards.
- Developed features including Opportunity Hub, Marketplace, Leaderboard, Notifications, and Contribution Tracking.
- Integrated REST APIs, Supabase Authentication, and PostgreSQL for secure data management.
- Collaborated using Git/GitHub and participated in deployment, testing, and production bug fixes.

Teens Helpline | React.js, Node.js, Express.js, MongoDB

June 2026

- Developed a web platform enabling teenagers to seek support and access mental health resources.
- Implemented secure authentication and anonymous help request functionality.
- Built responsive interfaces with REST API integration for smooth user interaction.
- Integrated MongoDB for reliable and secure data management.

EcoVibe – E-Commerce Website | React, JavaScript, HTML, CSS, Bootstrap, MongoDB

Dec 2025

- Developed a responsive e-commerce platform promoting sustainable products.
- Implemented product browsing, search functionality, shopping cart, and user authentication.
- Developed user authentication and cart management functionality.
- Integrated backend APIs and database services for efficient product and user management.

TECHNICAL SKILLS

Languages: JavaScript, C++, Java, HTML5, CSS3

Frontend/Backend: React.js, Vite, Tailwind CSS, Bootstrap, Node.js, Express.js, REST APIs

Database and Tools: Supabase, PostgreSQL, MongoDB, MySQL, Git, GitHub, VS Code, Postman, Vercel, Render

CERTIFICATIONS

- Introduction to Google Cloud Platform — Simplilearn (2026).
- Python Essentials — Cisco Networking Academy (2025).
